EXPERIENCING THE BIG5 FROM LAND AND WATER

Observing the Majestic Big 5 on Land

Experience the quintessential safari adventure as you embark on open-air 4x4 game drives in search of wildlife. Our lodges provide guests with the opportunity for twice-daily game drives, offering an early morning and late afternoon excursion, when wildlife activity is at its peak. Pause for a refreshing coffee or a mesmerizing sundowner break, a cherished highlight of the safari experience.

Get even closer on Walking Safaris

In addition to traditional game drives, guests staying in private reserves can partake in unique experiences such as walking safaris, immersing themselves in the African bush on foot. Picture yourself, accompanied only by your trusty hiking boots, following your expert guide in single file, unveiling a whole new dimension of the wilderness. The experience remains perpetually captivating as you uncover intricate details and interconnections that may have otherwise gone unnoticed. Traversing the bush on foot evokes a compelling blend of empowerment and vulnerability, heightening the sense of adventure.

Encountering the Big 5 from Water

There's an undeniable enchantment to gliding silently along the water's surface, meeting the gaze of wildlife quenching their thirst along the riverbanks. It's a profoundly moving experience, akin to the gentle sway of the water itself.
